Coate Water Care

Ashbury Lodge Care Home

“We care because you care.”

Welcome to Ashbury Lodge

Coate Water Care have created a 'home sweet home' environment in a five-star setting at Ashbury Lodge in Swindon and our dedicated team of carers and support staff are the guardians of a highly professional and personalised care service.

We are proud of our reputation as a safe and caring residential home where people feel 'at home' as soon as they step through the door. We would be delighted to show you around our luxury care home located just a stone's throw away from Coate Water Country Park.

“

Tracy was completely wonderful from the start - flexible, caring and completely professional. And all the lovely staff who looked after my father worked really hard to make him feel welcome. They also helped us as a family in a really supportive way, we are enormously grateful.”

“Home Sweet Home” next to Coate Water Country Park

Ashbury Lodge is a handsome red brick building with elegant porticoes, balconies and shutters in a fabulous location on Marlborough Road, Swindon. The ground floor rooms are designed for residents with a degree of independence and mobility, while on the first floor, accommodation is provided for people with more advanced Dementia who need extra care. Comfortable en-suite bedrooms adhere to Alzheimer’s Society guidelines. Many residents decorate their rooms with cherished family photos and keepsakes. Film buffs will be interested to learn that ‘50s blonde bombshell Diana Dors lived just a few doors along from Ashbury Lodge.

Mum's been at Ashbury Lodge for 2 years. I've been very impressed with the care and the home as a whole. Mum can be difficult but is always treated with kindness and respect. We are kept informed of any issues of change in condition. There are times when she's been very unwell and she always looked clean, very comfortable and beautifully cared for. I'm impressed with the management, particularly during COVID-19, they've kept the residents safe and protected against the odds."

Care Home Technology

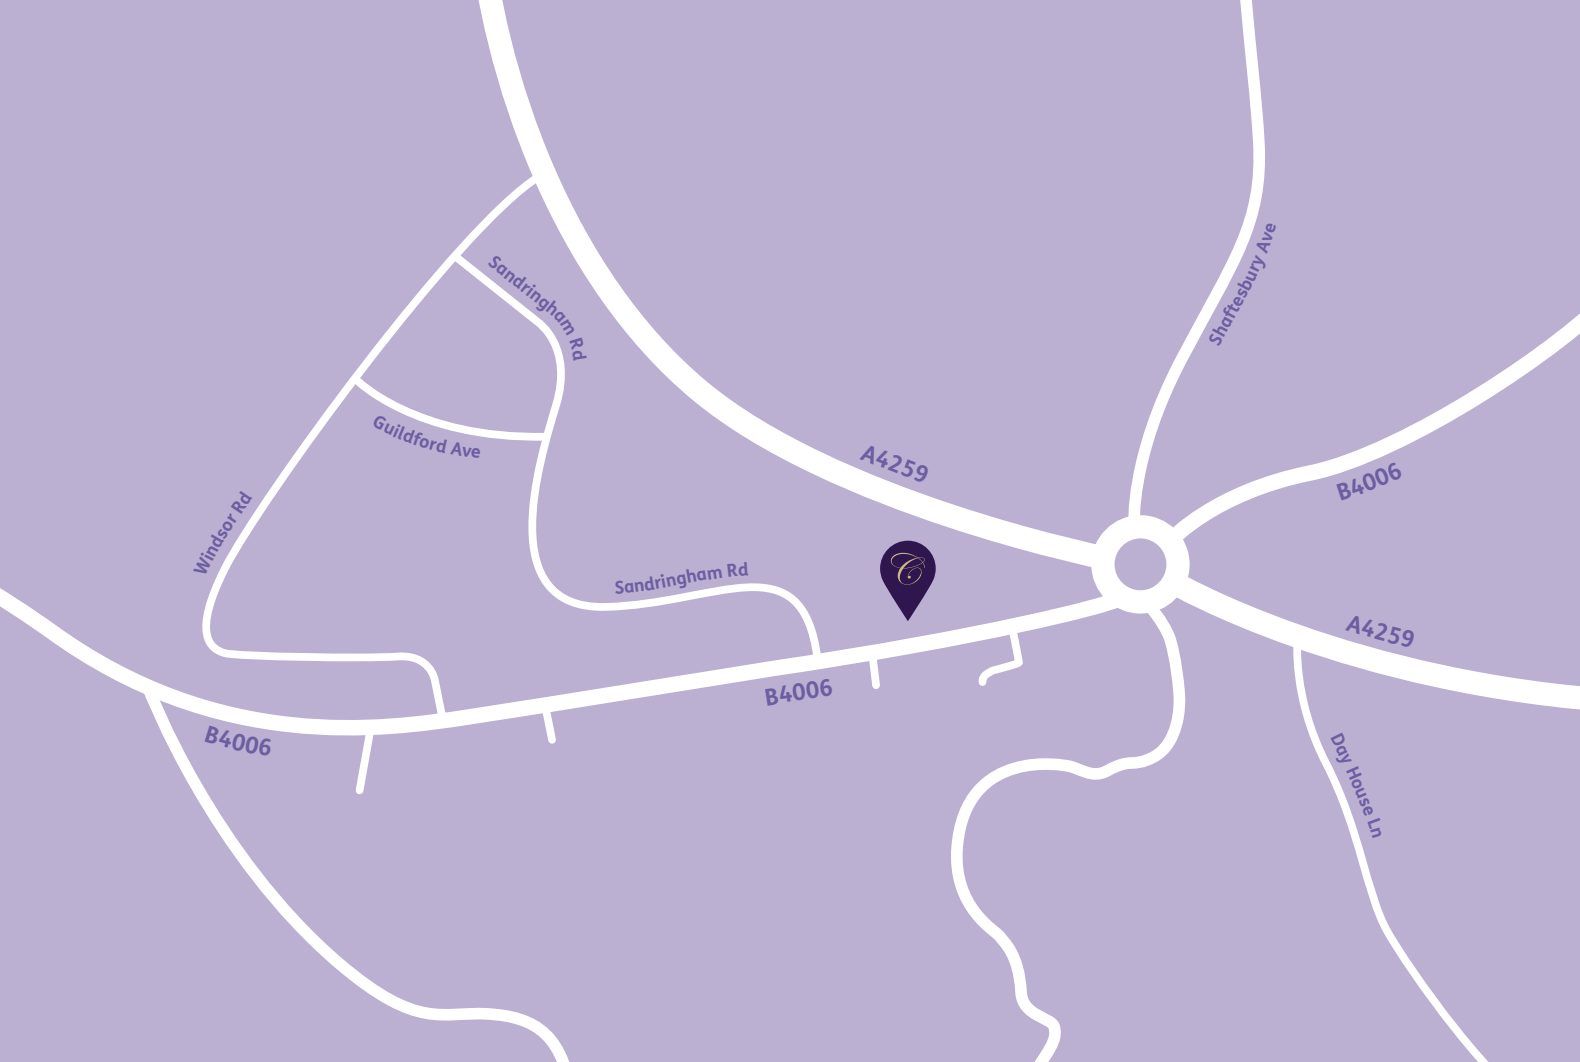

The latest care home technology helps ensure the well-being of residents at Ashbury Lodge Care Home. We use electronic medical records for easy access to check health and medications for allergic reactions. Pre-packaged medications help nurses dispense proper dosage, avoiding human error. Technology can also streamline business systems such as staff-rostering and automatic scheduling of meetings between staff and management in response to incidents.

Ashbury Lodge - Keeping active in a gorgeous location

Entertainment plays a central role in what we do at Ashbury Lodge. Two activities organisers offer a stimulating programme of events tailored to the ability and preferences of residents as a physically active lifestyle can significantly improve people's quality of life at all stages of dementia. Some Ashbury Lodge residents enjoy sitting peacefully with their favourite carer in our sensory garden, others prefer a gentle stroll next to Coate Water lake. In addition we offer a busy programme of live music sessions, baking classes, Christmas parties, theatre trips, exercise sessions and day trips to the seaside.

“

We believe that compassionate caring and exemplary professional standards go hand in hand. Our extremely high standards mean that your loved ones will feel safe and happy at Ashbury Lodge.”

Geraldine & Chris Smith, founders of Coate Water Care in 1995
