Coate Water Care

Avebury House Care Centre

“We care because you care.”

Welcome to Avebury House Care Centre

Avebury House is located in the market town of Devizes, Wiltshire on the edge of the North Wessex Downs Area of Outstanding Natural Beauty and a short distance from Marlborough.

The home sits in a small residential area on the banks of the Kennet and Avon Canal and enjoys views over adjacent farmland.

We work tirelessly to create a welcoming environment for residents and their families and our dedicated team of experienced carers, nurses and support staff are guardians of a highly professional care setting. Testament to Coate Water Care's exceptionally high standards is the fact that we were voted National Care Association Member of the Year 2019.

“Home Sweet Home” in a picturesque Wiltshire location

Avebury House sits in a small residential area on the banks of the Kennet and Avon Canal and enjoys views over adjacent farmland. The home has wrap around grounds which boast private and secure gardens overlooking the canal. The home takes its name from the nearby village of Avebury, home to the Neolithic stone circle.

Avebury House currently has two double rooms and fourteen single rooms, all en-suite, with separate bathrooms and showers available. The home has a large lounge with doors opening onto the extensive gardens. There is a separate dining room and our very experienced chef consults with residents about menu choices and prepares fresh food on site with a seasonal menu. A range of drinks and snacks are available all day.

Our manager Amanda Timms is a very experienced manager with a track record of providing excellent care. Our experienced Activities Coordinator will organise special events, outings and parties for residents, their families and friends. We take time to find out what residents enjoy and try to incorporate their hobbies into their daily routine. Hairdressing facilities are also available.

“We care because you care.”

We strive to build a reputation as an exemplary care home where residents and visitors really feel ‘at home’ as soon as they step through the door. We would be delighted to show you around a luxury home we’re all proud of in our quiet corner of Wiltshire.”

Amanda Timms
Avebury House Manager

Quality Care Services from Dedicated Professionals

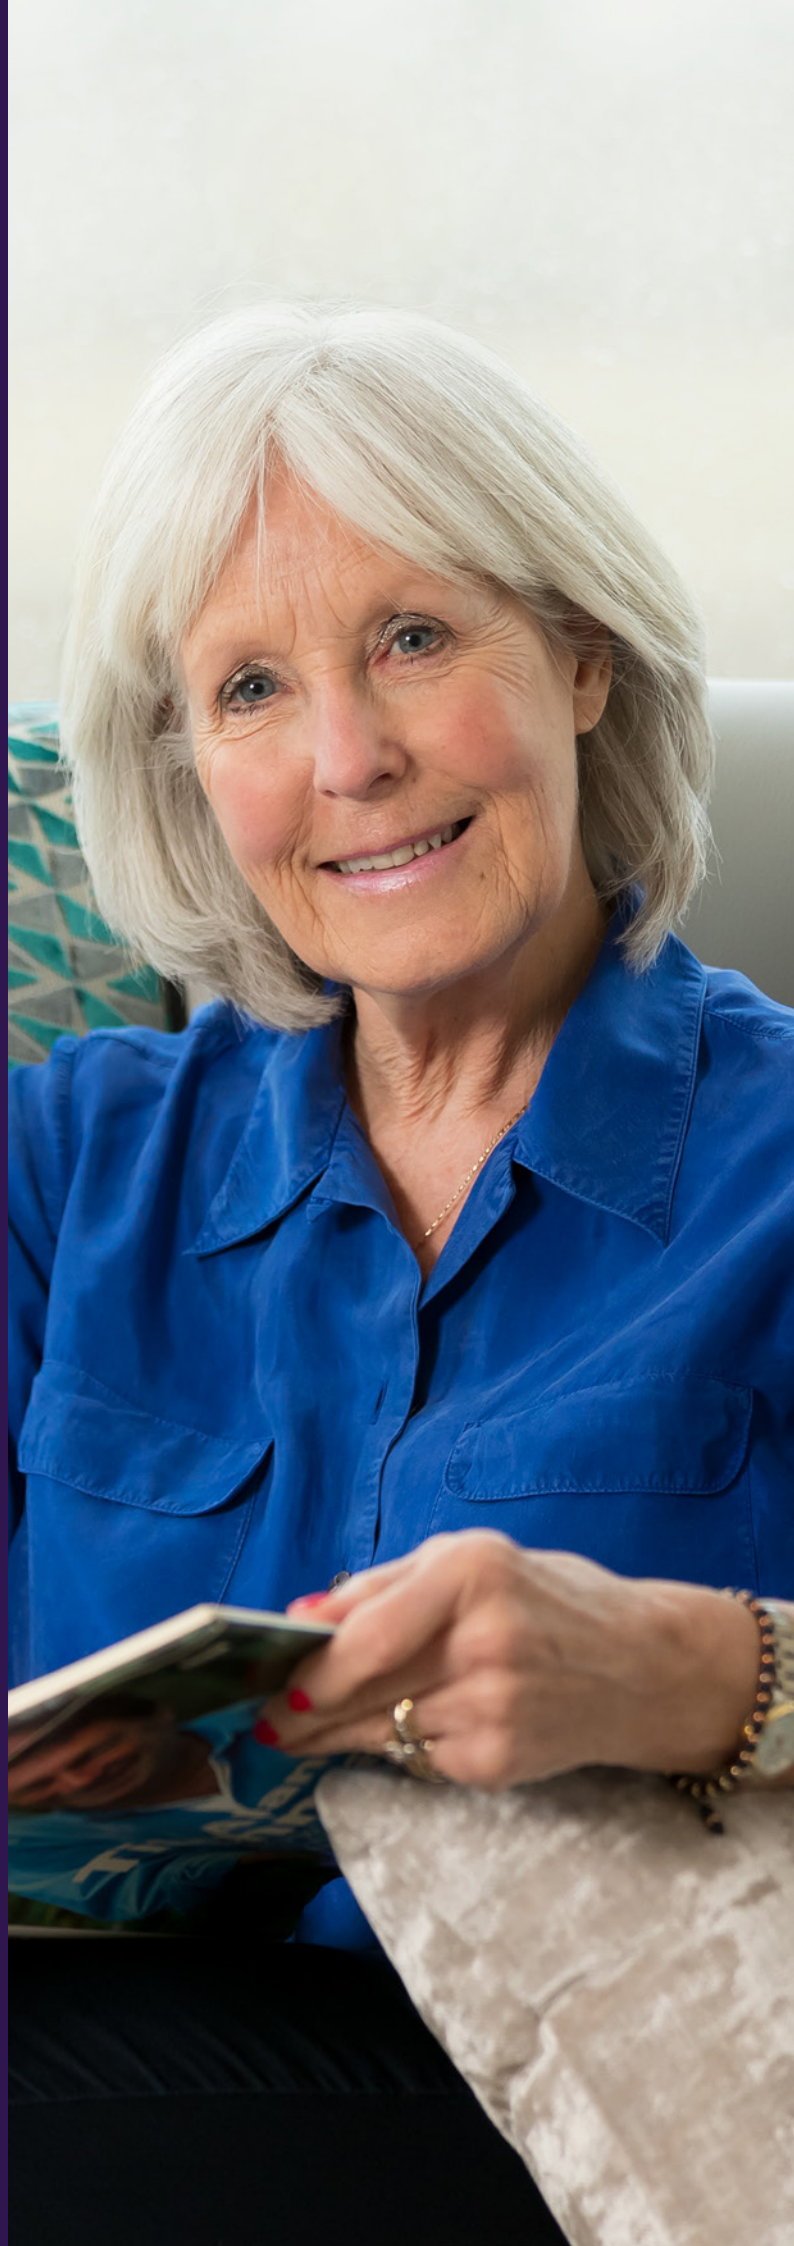

Managed by family-run providers Coate Water Care since July 2020, Avebury House Care Centre offers exceptional residential, day care, nursing and respite care, including 24-hour care for people living with dementia. Care Home Technology

The latest care home technology helps ensure the well-being of residents at Avebury House Care Centre. We use electronic medical records for easy access to check health and medications for allergic reactions. Pre-packaged medications help nurses dispense proper dosage, avoiding human error. Technology can also streamline business systems such as staff-rostering and automatic scheduling of meetings between staff and management in response to incidents.

People received exceptional support from caring staff who treated people and their relatives with the utmost kindness. Coate Water Care set out exceptionally caring values and there was evidence that all staff worked to this aim as people were at the heart of the service delivery.”

Care Quality Commission

Experienced professionals with a vocation for caring

Coate Water Care owns and manages care homes in Wiltshire, Hampshire, Gloucestershire, Warwickshire and Worcestershire and at every one we have invested heavily in the buildings and in making sure we provide the very latest care home facilities and medical technology.

However, we never lose sight of the fact that the ‘care’ in ‘care homes’ is provided by people and we firmly believe that the best way to guarantee the most professional care possible for all our residents and patients is by investing in our

‘human capital’. Without our highly trained and dedicated staff it would be impossible to provide the caring and safe environment that we pride ourselves on.

Family values are at the heart of everything we do. That means treating people with the same care and respect they would receive from their own family and loved ones. And that means building a team of dedicated professionals who love what they do.

“

We believe that compassionate caring and exemplary professional standards go hand in hand. Our extremely high standards mean that your loved ones will feel safe and happy at Avebury House.”

Geraldine & Chris Smith, founders of Coate Water Care in 1995

Let us help you find the right care for your loved one. Please contact us to discuss your specific requirements or to arrange a visit to our outstanding Wiltshire Care Home. “We care because you care.”
