Coate Water Care

Church View Care & Nursing Home

“We care because you care.”

Welcome to Church View Care & Nursing Home

Church View is a lovely care home in a quiet residential area on the outskirts of Stratton St Margaret, Swindon. Run by well-established local care providers Coate Water Care, Church View is staffed by a highly dedicated team of care professionals who work tirelessly to provide the safe, caring and friendly environment all of our residents and day care visitors deserve.

Coate Water Care prides itself on being a family business with a caring, personal touch, but it is also forward-thinking and invests heavily in the upkeep of its properties and in the exceptional staff that run them. Up-to-date technology records patient histories, diagnoses and daily living requirements, so that care can be tailored to each person's individual needs.

'Home Sweet Home' in leafy Stratton St Margaret

Tucked away in a sleepy cul-de-sac in the historic parish of Stratton St Margaret, Church View is a purpose-built care and nursing home that is beautifully decorated to create a homely environment for residents. Comfortable lounges and dining areas are spread over two floors and the ground floor conservatory leads to an attractive tree-lined garden with a peaceful summer house.

Our carers pride themselves on making residents feel really 'at home' in 36 tastefully decorated rooms, all with superb en-suite facilities and a variety of aids to encourage independence in mobility, eating and bathing. Given that few things are more comforting than being surrounded by cherished personal belongings, we encourage residents to personalise their rooms with family photos, ornaments and keepsakes.

Gorgeous home-cooked food is prepared on the premises by our experienced in-house chefs using locally sourced ingredients. Meals are varied, nutritious and well balanced. Residents can choose their meals according to dietary requirements or personal taste.

The staff are very understanding and sympathetic”, “it’s lovely here, everyone is so lovely and kind” and “they do the best they can”. One person told us staff asked them what they liked to be called when they first entered the home. Another person told us they had made friends with another person who used the service. They said staff encouraged this and enabled them to sit together in the lounge and at mealtimes.

People told us they liked the food and had enough to eat and drink. One person told us “the food is excellent. There is a good choice and variety”. Another person told us “it’s better than hotel food”. Other comments were, “there is always a good selection of veg” and “we get fed very well”.

Care Quality Commission

Care Home Technology

The latest care home technology helps ensure the well-being of residents at Church View Care & Nursing Home. We use electronic medical records for easy access to check health and medications for allergic reactions. Pre-packaged medications help nurses dispense proper dosage, avoiding human error. Technology can also streamline business systems such as staff-rostering and automatic scheduling of meetings between staff and management in response to incidents.

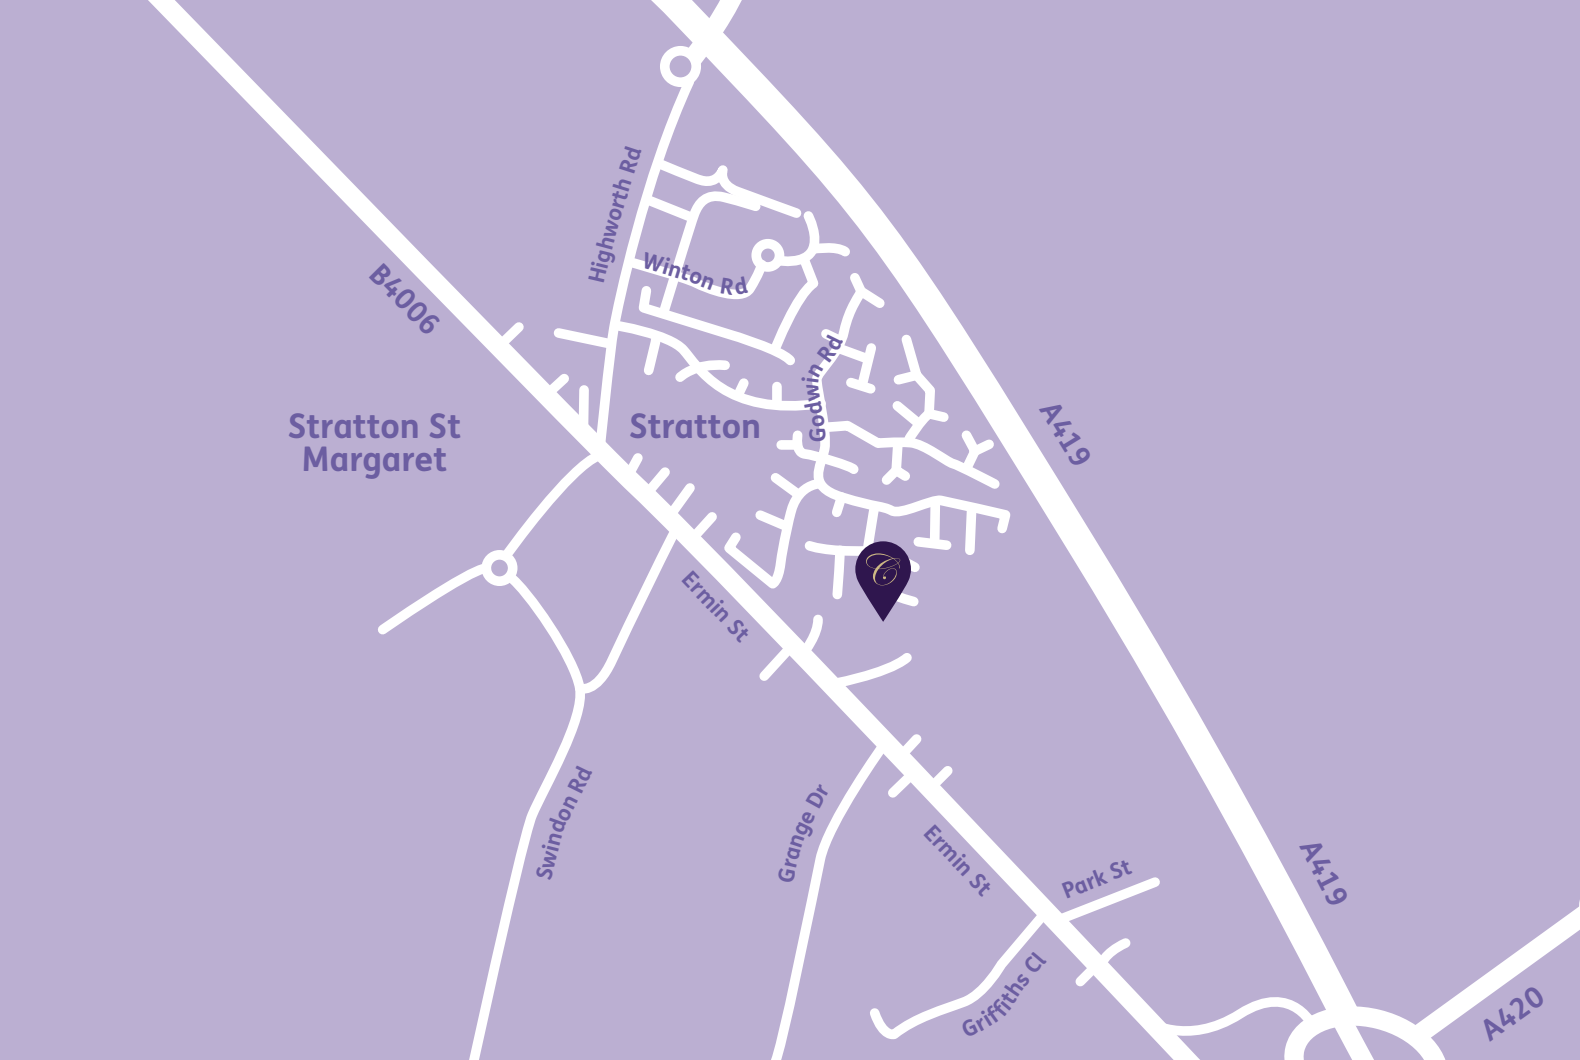

Before my husband John arrived at Church View the medical staff at Great Western Hospital had told us he wouldn't last long because of many health problems. However, 3 years later John was still a resident at Church View and we all agree this was due to the devotion of the caring staff, and the love and friendship shown to him every single day."

Wife of Resident

Keeping active and having fun in style at Church View

Our staff believe passionately that being treated with dignity is a basic human right, not an optional extra. Our experienced Activities Coordinator organises special events, outings and parties for residents, their families and friends. We take time to find out what residents enjoy and try to incorporate their hobbies into their daily routine. A physically active lifestyle can significantly improve people's quality of life at all stages of dementia. Some residents enjoy sitting peacefully with their favourite carer in our lovely conservatory overlooking the garden and surrounding fields. Others keep active with live music sessions, baking classes, sensory gardening, hair & beauty treatment and exercise sessions.

We believe that compassionate caring and exemplary professional standards go hand in hand. Our extremely high standards mean that your loved ones will feel safe and happy at Church View.”

Geraldine & Chris Smith, founders of Coate Water Care in 1995

Let us help you find the right care for your loved one at Church View. Please contact us to discuss your specific requirements or to arrange a visit to our modern and welcoming care home. “We care because you care.”
